WHOLESALE AND RETAIL PRICE-LIST

OF THE

Sarcoxie Nurseries

JAMES B. WILD & BROS., Prop's,

SARCOXIE, MISSOURI.

*** *** ***

ISSUED JULY 27, 1893.

*** *** ***

OUR NURSERIES

Are located on the line of the St. Louis & San Francisco Railroad—of the Santa Fe system; two passenger trains daily each way. Purchase ticket on reaching this line for Sarcoxie. It is but ten minutes walk from depot to our grounds.

Advantageously Situated.

Centrally located on St. Louis & San Francisco Railroad between diverging points. Side track adjoining grounds. Shipping and business facilities unsurpassed. Connected by telephone.

BEST COOL STORAGE AND PACKING HOUSE EXTANT.

Advertisement.

Our Nurseries are situated on the western slope of the Ozark mountain range, at an elevation of over 1,350 feet above the sea (about 900 feet above St. Louis) adjoining open prairie lands. The conditions, together with character and soil, will at once convey the superior advantages we hold for growing nursery stock of the best quality and maturing same in advance of the more northern or southern Nurseries.

Having handled some of the products of a number of leading nurseries east, north and south, the past few seasons, we are convinced that we have better matured stock here by October 10th, than many nurseries can justly claim for same time. The conditions confronting us have brought about the necesssity of growing a more complete line of stock, and which we now claim to have, thus assuring our patrons goods of as good quality, well matured and as complete in assortment as can be found in any one nursery.

To Our Patrons and Friends.

We sincerely thank all our customers and friends, who have so generously patronized us in this and former years, for your kind favors. We aporeciate them we assure you, and shall always strive to make your dealings with us both pleasant and profitable.

We hope to hear from all our old customers during the coming season, and from as many new ones as can make it an object through **Our Prices and Manner of Dealing Directly With them**, to kindly favor us with their orders.

We give our attention wholly to the Nursery Business. No other interests conflicting. Aided with eighteen years' experience in the improved methods of growing and handling nursery products, customers can rely on receiving the benefit of our large experience. We confidently ask the attention of our patrons to our stock, and trust when possible they will look through it and see what we have. Our grounds are open and free to all visitors.

THE GREATEST CARE being taken not to send out anything that is not true to name, holding ourselves ready to replace or refund, upon proof, equal to the amount of first cost of trees, etc., that prove untrue, but to no greater amount or extent.

REFERENCES.—That we are in actual and permanent business; We deem it only fair to place the information regarding the responsibility of the firm with whom you entrust your orders and commands.

REFER TO Messrs. John Harlan, Cashier Bank of Sarcoxie; D. L. Stump, Editor Vindicator; Gilbert Schooling; Goodner, Sabert & Co., or any business house in Sarcoxie.

To Correspondents.

If you have sent us an order with remittance and do not hear from us in a reasonable time, write again. We invariably acknowledge all orders as received, by postal card or letter, and give an ORDER NUMBER for reference, which you will please preserve.

If you have sent an ORDER WITHOUT REMITTANCE you may fail to get an acknowledgement from a non-compliance with the *terms published*. We answer all correspondence relative to anything in our line of business that is not or can not be answered in our published list; but anything about growing or planting, where a reply is wanted must be so written as to allow us to insert answers.

Receipts.—The receipt of every remittance is promptly acknowledged by us. Each order received is duly numbered. and as the receipts given mention said number, customers preserving their receipts can readily refer to any order sent us by simply giving the number, and we can instantly refer to the original order, which we preserve for a number of years for any future reference. We hope each purchaser will save their receipts, and when making inquiries concerning any order always give its number, for without it requires time and patience to look it up.

Descriptive Catalogue. 60 pages mailed upon receipt of ten cents in postage stamps, and the amount paid for same will be credited on the first order sent us.

What to Order.

While leaving every one to make his own choice, we advise you not to order too many varieties, whether intended for domestic use or marketing. Select sparingly such varieties as have been favorites in the locality from which you came, especially if you are remote from there, but rather select such varieties as are suited to the locality you intend to plant in. In doing this you may have to give up some favorite sort, but it will be an easy matter when you see how unprofitable and out of season your favorites generally become.

We desire also, to call your attention to those so-called Fruit Unions—that agree to plant orchards for you, and who claim to know better what you want, and are willing to select for you; your successful neighboring fruit grower is better able to tell you what to plant than any Nurseryman or Fruit grower remote from where you desire to plant.

Execution of Orders.

We endeavor to execute all orders promptly and as nearly as possible in rotation as received, giving each order the most scrupulous care and attention to *insure reasonable* satisfaction. Spring shipping brings with it an unusual amount of items to be looked after, and notwithstanding we have a largely increased force of men, orders are liable to be delayed some days. Then again the mails are sometimes missent, or delays occur on the road that we are not responsible for. Occasionly errors occur in the transaction of the hundreds and even thousands of details incidental to our business, but we are always ready to rectify them on proper proof, but can not do so unless informed just what the trouble is within the limited time printed on the invoices sent. When the bill and goods are received check it up at once; if correct give proper credit without delay; if not correct, advise us of the fact then and there.

Adjustments are easy while the details are fresh in mind, but we can not be blamed for looking with suspicion upon complaints made weeks afterwards, or in refusing to consider them.

Secure Your Selection by Sending Orders Early.

If our friends on receiving this catalogue will make a list of trees and plants they want, and send us their orders at once, we can then reserve, until proper shipping season, such stock that may be on hand at time order is received. Orders will be booked by complying with terms and conditions of sale.

Packing and Delivering Season.

Which generally commences about October 10, in the fall; for spring, from open ground, about February 10th [often earlier]. For California and the south we pack and ship in mild weather from Storage House all winter, and it gives ample time for long shipments. Past experience has demonstrated the fact that nursery stock arrives in best condition when long time is required in transit, if shipped when stock is in most dormant condition—being during the months from November to February.

Care of Trees on Arrival.

As soon as you unpack trees, having your trenches previously dug to receive them, set in a slanting position, then fill in and around the roots, treading the soil sufficiently to make it firm, and avoid having bunches set side by side without soil between them. This is a serious drawback attending the growth of trees, as much damage results from having "heeled in" with openings allowing drying or freezing before planting, and the nurseryman is charged with having sent poor stock, when the fault is in mishandling after arrival.

When trees arrive in a shriveled, condition after a long delay in shipment, take out all shriveled trees and bury tops and all for about ten days, to restore them. Should trees arrive in a frozen condition, place in the cellar to allow gradual thawing, or bury in soil until thawed out. Do not expose stock to hasten thawing.

No Agencies.

We are often asked if we employ agents to sell our Trees and Plants. In order to avoid much correspondence we here state that *we have not, since we began business employed any agents.*

Our efforts are directed toward the growing of Fruit Trees, Forest and Evergreen Trees and plants, which shall be the best that can be produced. Hence, we look to the growing as of first importance and offer our stock to the Wholesale and Retail trade through our price-list direct, our only authorized agent.

We desire the patronage of all fruit-loving people, of men who know the value of genuine goods. We want the patronage of careful men who will take care of fruit trees and plants when bought. We want to sell to men who sell again and keep themselves familiar with the best varieties and needs of a planter.

If you desire to sell stock there is nothing to prevent you from soliciting orders on your own account and you can sell at prices that will remunerate you according to your zeal and energy.

Should you purchase trees at wholesale to sell again, we have no objections to you saying that your trees (as much as are purchased of us) are from our nurseries, but in no case can other stock be represented as our growing. Our trees and plants are guaranteed true to name to the purchaser only, after which our control ceases; hence our responsibility also.

READ CAREFULLY BEFORE ORDERING,

The Terms and Conditions of Sale.

1. **Terms.**—The prices in this list are under the following conditions, and for *Spot Cash*. Sales however, to known responsible, prompt-paying customers we will book during shipping season, and forward orders, to be paid promptly on receipt of invoice. Parties unknown, or with whom we have had no business transactions, will please send cash, or satisfactory security with their orders. Stock ordered booked in advance of shipping season to be reserved, must be accompanied with remittance of at least one-third of the agreed price; balance to be paid as may be agreed on; orders so booked, we will name list of stock reserved, and such will be held subject to agreement, unavoidable accidents excepted; when such accidents have occured, notice will be promptly given stating nature of loss or damage.

All bills overdue will be drawn for at sight without notice. Positively no deviation from above terms unless made by special agreement.

2. **Special Discounts.**—On bills paid in accordance with Article 1, and when our bill as per prices in this list invoices $500 or more, 20 per cent. discount will be allowed from bill; and when bill amounts to $400 or more, 18 per cent. discount; on $300 or more, 16 per cent. discount; on $200 or more, 14 per cent. discount; on $100 or more, 12 per cent. discount; on $80 or more, 10 per cent. discount; on $60 or more, 8 per cent. discount; on $40 or more, 6 per cent. discount; on $20 or more, 4 per cent. discount, and on $10 or more, 2 per cent. discount

3. **Telegraph Orders,** to receive prompt attention when from unknown parties, must place sufficient deposit, subject to our order, with Bank or Express Agent, and note same in message.

4. **Goods Sent C. O. D.** when half the amount is sent us, or deposited with Bank or Express Agent. When deposited it must be certified, and certificate sent with order.

5. **Remittance at Our Risk** if made by Postal Money Order on Sarcoxie, Mo., Express Money Order, or money by Express prepaid, or Draft on New York, S Louis, Chicago or Kansas City. Drafts and money orders should be made payable to **James B. Wild & Bros.**

6. **Any Remittance in Excess of invoice** will be promptly returned, or held subject to order.

7. **Orders and Conditions of Sale.**—Prices herein quoted are for your selection of sorts at respective prices given, but we reserve the right to fill in a smaller or larger size (or age) than ordered should we be out of the size or age of sorts wanted charging therefor at the respective size or age used in filling that part of the order. Parties ordering should state preference of a larger or smaller grade so we can be governed accordingly. Uniform grades cannot be guaranteed when sorts ordered must be strictly adhered to. If you do not wish any variation in grade, state so on order and then we will only fill as far as we can supply specifications. When sorts are ordered that we do not offer, we shall exercise our judgment and send as nearly similar sorts as we have at command.

8. **Grades.**—Sizes, height—or Caliper Measurements—are taken from the collar near the root, and are stated for guidance only. Slight variations may sometimes occur. Reasonable customers will understand that it is not calculated to mean a measurement of each plant or tree. If any items in sizes, ages or height requested are sold out, then the most available will be observed as filling the desired place, unless distinctly prohibited in the order as given.

9. **Samples.**—We do not send samples of various classes of trees or plants unless enough is sent to cover the expenses necessary to guard against loss.

10. **Boxing, Baling and Packing.**—Prices herein do not include same; a moderate charge will be made for such, but *no charge for delivering to railroad; depot or express office here.* We charge for boxes packed as follows: 9 by 2½ feet, $3.50 8 by 2½ feet, $3.00; 9 by 2 feet, $2.50; 8 by 2 feet, $2.25; 9 feet by 18 inches, $1.70; 8 feet by 18 inches, $1.60; 8 feet by 12 inches, 90 cents, and in proportion for larger or smaller boxes. Bales from 10 cents to $3.00 each. Boxes ordered paper lined or double lined and filled with sawdust will be extra cost.—See page 7 for approximate cost of packing.

11. **Transportation.**—Our responsibility ceases upon the shipment of goods in good order, and transmittal of Bill of Lading to consignee; and payment of bill in no instance to be subject to arrival or non-arrival of goods at destination, though we will at any and all times use our utmost endeavors to trace up any missing goods.

NOTE:—In order to secure 3d class freight rates under ruling of "The Western Classification" on Nursery Stock boxed (not baled), shipper must release to value of $5.00 per cwt., and in order that our patrons may have benefit of the lower freight rates, we will release and guarantee freight charges through for them, unless instructed on order not to do so. Freight charges not guaranteed must be prepaid, or forwarder will not accept goods for shipment.

12. **Reclamation.**—*Claims for deduction from whatsoever cause must be made immediately* on receipt of goods. Check off goods when you unpack, and then and there note carefully on a memoranda what you receive, thereby giving a detailed report of stock as found. Don't state so and so was short, without stating also what you did get. Remember we, too, want to know what you base your claims upon, and must have facts, as you may be over on some items, or mistook one sort for another, or you may have intended to order such and such, or more of some, but failed to note same on order as sent in. Adjustments are easy while all the details are fresh in mind, but we cannot be blamed for declining claims upon complaints made weeks afterward.

13. **Insurance.**—We do not guarantee stock to live, nor will we replace free of cost that which dies or fails to grow, at prices in this list; nor can we, in view of the various incidents that it is subject to, as the success or failure depend largely upon climatic conditions, manner of planting, after care, etc. Having been in the nursery business for over 18 years at Sarcoxie, and our business having increased with wonderful rapidity, now covering over 540 acres in one body devoted to the Nursery proper, is sufficient evidence that we are up with the times and have won the confidence of the patronizing public and number among our patrons the leading nurseries of the U. S., Canada and Mexico.

14. **Guarantee of Genuineness.**—While we exercise our greatest diligence and care to have all our trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees etc., that shall prove untrue.

15. **The Publication** of this list abrogates previous quotations.

Give Plain Directions for Shipping.

Don't forget to write Post-Office address plainly, also Freight or Express, if different from Post-Office.

Purchasers will confer a favor by stating the manner in which they wish their goods sent—freight or express—also route. When none are designated we forward to the best of our judgment; but in no case do we assume any responsibility after the packages are shipped.

Prompt Shipments.—To meet this want we have adapted our Packing House to every convenience for the rapid and thorough dispatching of orders.

Weight of trees packed can only be given approximate; 1,000 trees packed for shipment, ordinary weight—1 to 2 feet, 150 to 200 lbs.; 2 to 3 feet 300 to 400 lbs.; 3 to 4 feet, 500 to 650 lbs.; 4 to 5 feet 900 to 1,200 lbs.: 5 to 7 feet, 1,500 to 2,000 lbs.

A Car Load will Hold, when packed in bulk in box cars from 10 to 12 thousand 5 to 6 foot trees, and from 14 to 16 thousand 4 to 5 foot trees, and from one-fourth to one-half more when boxed.

Coal or flat cars boxed up will hold double the quantity of ordinary cars. Cost of boxing up coal cars is about $30.00 per car.

To arrive at the approximate cost for boxing or baling we submit the following:

On 6 to 8 foot trees	$9 00	to	$12 00	per 1000,	$2 50	to	$3 00	per 100,	50c	to	60c per 10.
" 5 to 6 " "	7 00	to	9 00	" "	1 50	to	2 00	" "	30	to	40 " "
" 4 to 5 " "	5 00	to	7 00	" "	90	to	1 25	" "	20	to	25 " "
" 3 to 4 " "	3 00	to	5 00	" "	50	to	75	" "	15	to	20 " "
" 2 to 3 " "	1 50	to	3 00	" "	25	to	50	" "	15		" "
" 1 to 2 " "	75	to	1 50	" "	20	to	25	" "	10		" "
Plants 6 to 12 inches	30	to	50	" "	10			" "	10		" "
Vines & straw'by pl'ts	30	to	50	" "	10			" "	10		" "

The approximate cost for boxing and baling transplanted evergreens:

On 5 to 6 foot trees	$60 00	to	$70 00	per 1000	$6 00	to	$7 00	per 100	$1 00	to	$2 00 per 10
" 4 to 5 " "	30 00	to	60 00	" "	3 00	to	6 00	" "	75	to	1 50 " "
" 3 to 4 " "	10 00	to	30 00	" "	2 00	to	3 00	" "	50	to	75 " "
" 2 to 3 " "	7 00	to	9 00	" "	1 50	to	2 00	" "	30	to	50 " "
" 1 to 2 " "	3 00	to	5 00	" "	50	to	75	" "	20	to	30 " "
" 8 to 12 inch "	75	to	1 50	" "	20	to	30	" "	10		" "
Seedling Evergreens 6 to 12 inches	50	to	75	" "	10	to	15	" "	10		" "

No package put up for less than 10 cents.

Price-List Sarcoxie Nurseries. ** Fall, 1893. ** Spring, 1894.

JAMES B. WILD & BROS., Proprietors, SARCOXIE, MO.

Wilson Early	12	2 00
Taylor's Prolific	13	3 00
Lucretia Dewberry	12	1 50
Oregon Late, Evergreen	18	8 00

This last variety is very distinct in habit from all other blackberries, having finely cut foliage, a light pinkish bloom, trailing habit. Fruit very sweet, prolific, of good size, and now on our grounds the sixth year, during which time it has shown no rust, nor has it been winter killed. It should be given a trial.

1,000,000 Strawberries.

NOTE.—Strawberry plants should be ordered sent by Express; if by mail add 20 cents per 100 for postage. Plants in September, from new beds, at double the regular rates given below. Varieties marked "P" are Pistillate.

Captain Jack	11	40

" " "	1 foot	20	1 00

For Terms and Conditions Governing these Quotations, see Pages 6 and 7.

Evergreens.

☞Prices on this page and on pages 16 to 20 inclusive, are for one and ten of a sort and size. Less quantity than ten of a sort and size will be charged one single rate plus ratio of ten rate for respective number ordered, but not to exceed the price of ten for the less quantity of a sort so ordered.

Note.—All Evergreens offered are of our own growing, from seeds and cuttings. Do not compare our rates with "forest-pulled" seedlings, nor with northern nursery grown, so-called; but note that those we offer can be had long before you can get them from the North. Aside from this, ours are acclimated to the West and South, which gives them a decided advantage over others for timber plantations, wind-breaks, and ornamental planting.

All here listed are transplanted and root-pruned. For Seedlings see page 24.

☞Selected specimens, 25 per cent. higher; extra selected specimens, 50 per cent. higher than list rate.

Young Stock for Nurserymen

AND SEEDLING FOR TIMBER PLANTING.

☞Prices on this class of stock (except otherwise noted), are for one and 100 of a sort. Less quantity than 100 of a sort will be charged one single rate plus ratio of 100 rate for respective number ordered, but not to exceed the price of 100 for the less quantity of a sort so ordered.

EVERGREENS.

Note.—All Evergreens offered are of our own growing, from seeds and cuttings. Do not compare our rates with "forest pulled" seedlings, nor with Northern nursery grown, so called; but note that those we offer can be had long before you can get them from the North. Aside from this, ours are acclimated to the West and South, which gives them a decided advantage over others for timber plantations and wind-breaks.

			Each	P'r 100

Above cut represents one section of our Grafting Room as taken from a photo.

APPLE ROOT GRAFTS.

Season for Grafting from December to March.

ROOT GRAFTS are Cions and Roots grafted and tied or bound together, and are thus ready for planting in permanent nursery rows.

Orders for Root Grafts given without special agreed specifications, will be put up in same manner as those we put up for our own planting. Length of graft, 6 to 7 inches, which includes Root and Cion. Not less than 100 of a variety will be put up in the general assortment of varieties. Smaller or broken lots, as to varieties, or of new and scarcer kinds, will be priced as list will allow.

Grafts Weigh from 15 to 40 pounds per 1000 packed. All orders put up at our risk of damage in storage up to March 1st; after that date same will be at purchaser's risk.

Prices of Various Styles Apple Root Grafts Offered.

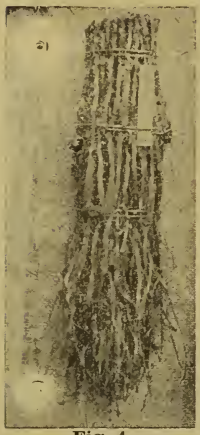

Fig. 4.

Fig. 4.—Grafts worked on what is termed **Whole Stock**, using No. 1, 3-16 up caliper seedlings, and about 5 inch cion. Price per 100 grafts of a sort. 90 cents.

Fig. 5.—Graft worked on first cut No. 1, 3-16 up caliper stocks, using about 5 inch seedling and 5 inch cion. This style of graft is termed **Collar or Crown Grafts.** Price per 100 grafts of a sort. 70c.

Fig. 11.—Graft worked on No. 1, 3-16 caliper up stocks, using only second cut, and same to be about 5 inches, with 5 inch cion. Such grafts are termed **Second Cut Grafts**, and in our estimation the best grafts that can be secured from a seedling stock. Price per 100 grafts of a sort, 80 cents.

Fig. 3.

Fig. 3.—Graft worked on No. 1, 3-16 up caliper stock, using first and second cut of a seedling, with from 4 to 5 inches to 1st cut and about 5 inch cion. Such grafts are termed by many nurserymen "whole root grafts." Price per 100 grafts of a sort, 65 cents.

Fig. 6.—graft worked on No. 1, 3-16 up caliper stock, using all of such seedling; usually making about 3 cuts of 3 inches each and with about 5 inch cion. Such grafts are termed "piece root grafts." Price per 100 of a sort, 50 cents.

The Henry Coil Spring Pruning Shears, post-paid, each	1 00
New Revised Edition of the American Fruit Culturist, by John H. Thomas. It tells all about how to graft, bud, etc. Price, post-paid	2 60

Teas' Weeping Russian Mulberry.

IN SUMMER.

This most remarkable tree will, undoubtedly, when known, take the foremost place among Weeping Trees, and all who see it appreciate at once that it is not only a FIRST CLASS NOVELTY, but at the same time a tree of *sterling merit and value.*

It is the most GRACEFUL and hardy weeping tree in existence, and wholly unlike anything heretofore introduced, forming a perfect umbrella shaped head, with long, slender, willowy branches drooping to the ground, parallel with the stem. All who have seen it agree that in light airy gracefulness and delicacy of form and motion it is without a rival.

It has BEAUTIFUL FOLIAGE—rather small—handsomely cut or divided into lobes, and of a delightful, fresh-looking, glossy green. In autumn many of the leaves are bordered with yellow, producing a novel and pleasing effect.

It is one of the HARDIEST of trees, enduring unharmed not only the severe cold of the North, *but the far more destructive HEAT of the South and Southwest.* It is a long lived tree, flourishing in almost any soil or situation, wet or dry, ane will be found particularly valuable in the Western and Southern states, where the Kilmarnock and other popular weeping trees utterly fail; and,

It is one of the safest and one of the most successful trees to TRANSPLANT. It has a very strong hold on life, and will endure exposure and hard treatment that would kill almost anything but Catalpa and Osage Orange

Rapid in growth and abundant in foliage, each branch adds to the formation of a finely rounded symmetrical head, making the MOST MAGNIFICENT tree ever introduced. It is specially desirable for ornamenting small grounds where trees of large size could not be used; and is no less appropriate in parks and other extensive places.

It is admirably adapted to CEMETRY PLANTING. Indeed, here is a field where it stands without a rival, filling a long felt want. A perfect gem in size, style, and exquisite form together with all the hardiness, vigor and endurance that can be found in a tree. Cemetry trees are nearly always neglected and usually fail; but here is one peerless in beauty and suitableness, that will prove equal to the situation. It may be trained into a complete shady Arbor or a fine Ornamental Gateway and a great variety of fanciful forms.

Twigs of this new weeper are not easily broken when packed for shipment—an item of great importance. It has another important feature; being very tenaceous, it resists more hardships in the growing season than many other weepers that are grafted or budded standard height.

CAUTION.-Our observation in the past years has proven conclusively, that this tree must be grafted on upright growing stocks to give it support; if you want a tree as represented in the cut, see that graft or bud has been set in the height of the tree desired. If not, you may find you have a vine that must be furnished with a stake as support, and not a tree with its own support.

FOR PRICE OF WEEPING TREE, worked at various heights, see page 20.

IN WINTER.

JAMES B. WILD & BROS., NURSERYMEN, SARCOXIE, MO.

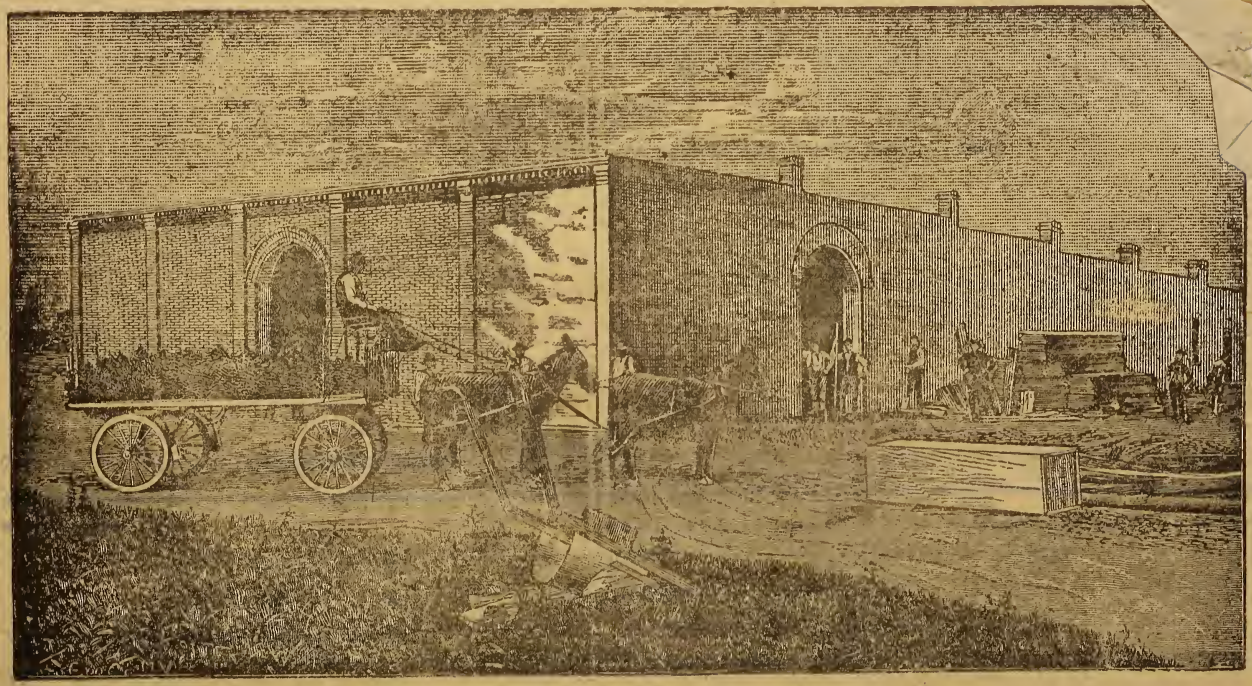
QUANTITY.	NAMES OF TREES OR PLANTS ORDERED.	Size or Hght Catalogued.	AGE.	PRICE.		REMARKS. Here State any Change Admissable.

Parties in ordering will oblige us by using this form, attaching to it when necessary.



OUR COOL STORAGE BUILDING.

A frost-proof brick block 80x120 feet—Storage capacity for over 20 car-loads of trees, etc., for Winter and Spring shipments.

In order to keep pace with our rapidly increased trade, we have erected this building, and claim for it the best adapted storage and packing house in the west for handling of Nursery Stock for Winter and Spring shipments.

At the Tenth Annual Nurserymen's Convention in Chicago on June 17th to 20th, and at Washington, D. C., June 16th to 20th, 1886, we represented Peach and Apple, Peach in dormant bud and Forest Tree Seedlings that had been placed in storage during December and were in fine condition for planting, and so pronounced by all the nurserymen who examined them there.
